

UTILIGUARD® BASIC FREQUENCIES

RECEIVER & TRANSMITTER

31 kHz CATV passive receiver option	180 Hz pass power option (60Hz 900 series)	1.45 kHz line option
29 kHz beacon option	208 Hz line option	3.14 kHz line option
273 Hz LMS line option	220 Hz line option	8.44 kHz line option
815 Hz LMS line option	256 Hz line option	9.5 kHz line option
512 Hz beacon option (900 series)	280 Hz line option	9.82 kHz line option
400 Hz LMS line option	285 Hz line option	16.9 kHz line option
640 Hz line option	320 Hz line option	22.5 kHz line option
32768 Hz line option (33 kHz 900 series)	340 Hz line option	38 kHz line option
8192 Hz line option	380 Hz line option	44.6 kHz line option
50 Hz power passive receiver option (50P 900 series)	440 Hz line option	65.5 kHz line option
60 Hz power passive receiver option (60P 900 series)	460 Hz line option	78.125 kHz line option
100 Hz power passive receiver option	480 Hz line option	78.132 kHz line option
120 Hz power passive receiver option	484 Hz line option	82.3 kHz line option
512 Hz active line option (900 series)	491 Hz line option	82.5 kHz line option
1 kHz active line option (900 series)	570 Hz line option	83.1 kHz line option
8 kHz active line option (900 series)	577 Hz line option	874 Hz beacon receiver option
29 kHz active line option (900 series)	604 Hz line option	1.02 kHz beacon receiver option
80 kHz active line option (900 series)	624 Hz line option	1.17 kHz beacon receiver option
33 kHz beacon option (900 series)	680 Hz line option	8.19 kHz beacon receiver option
640 Hz beacon option (900 series)	740 Hz line option	83.1 kHz beacon receiver option
64 Hz line option	760 Hz line option	870 Hz line option
75 Hz line option	800 Hz line option	
98 Hz line option	920 Hz line option	
128 Hz line option	940 Hz line option	
150 Hz pass power option (50Hz 900 series)	968 Hz line option	
163 Hz line option	982 Hz line option	
	1.02 kHz line option
